

**ZENITH**

**BIO CHAIR**

**Features:**

Bio is a versatile stacking chair or armchair featuring a spare, contemporary line. The collection offers two backrest height options and offers tablets and links for the armchair.

The double anatomical shaped structure throughout the range ensures a correct ergonomic position, ideal for maximum comfort. Suitable for commercial and residential applications.

**Finishes:**

The seat and back are available in polypropylene (10 colour options) or upholstered. The lightweight steel frame is available in powder coated enamel or chrome finish (7 colour options).
