

ZENITH

YELLOW DIVA

WB COLLECTION DESIGNED BY DAVID WALLEY

Features:

Inspired by the traditional butcher's block this series combines the clean lines of mild steel legs with the warmth of a solid American oak top.

Stools available in two heights WBS1 (low) and WBS2 (high), and as indoor or outdoor variants. Tables available as 4 seater cafe and low side table. Leg colours can be specified to order, the oak top is finished with non toxic, plant based oil. Also bench seat now available.

Outdoor stool steel components are hot dip galvanized and the timber tops assembled using marine adhesive and finished with UV stabilized exterior oil. Drain hole incorporated in timber top to keep the seat dry.

Finishes:

The robust timber top is CNC machined from laminated solid plantation-grown American Oak, with profiled seat and routed edge detail.

Available in 4 heights, the tapered rubber-tipped steel legs can be zinc finished or powder-coated in any Dulux colour range.

Outdoor Stools: Oak top finished in natural UV stabilized natural plant oils. Mild steel legs hot dipped galvanized to silver/grey finish.

Manufacturer:

Yellow Diva

Designer:

David Walley
